TO DYING PRELATE THIS A. M.
AT OWN REQUESTBy HENRY WOOD,
(United Press Staff Correspondent.)

Rome, Jan. 20.—Although Pope Benedict suffered difficulty with respiration and oxygen had to be administered, the people took faint hope from the Vatican message. Early in the day the Italian government had been officially informed that the Pope's condition was hopeless.

Rome, Jan. 20. (Noon.)—Pope Benedict is dying.

The last sacrament was administered to his Holiness on his request early today. At half past ten this morning, Grand Penitential Cardinal Giorgi began recital of prayers for the dying. The Vatican notified the Italian government that the Pope's condition was hopeless. At half past eight this morning, a bulletin was issued from the Vatican saying that Pope Benedict's condition has become extremely grave during the night.

His holiness was severely agitated by the bronchial catarrh which has spread to his lungs and heart. His temperature at that time was announced as 38 centigrade, pulse 102, respiratory 58.

Shortly before noon the Vatican announced that the Pope himself had asked that the last sacrament be given, realizing that he was dying. The administration of the last sacrament was then authorized by Doctors Bignami, Marchia Fava and Battistini, who found his Holiness had taken a sudden turn for the worse at four o'clock this morning. The Pope was breathing with great difficulty.

The bronchial inflammation which Pope Benedict suffered yesterday extended to his lungs and heart. Early today his Holiness weakened after his condition had remained stationary during the night.

An earlier bulletin from the Vatican today said that Doctors Battistini and Angeli remained with his Holiness throughout the night. Up to three o'clock this morning they were hopeful for the Pope's condition, as it had remained stationary. The illness of Pope Benedict was the result of a chill which his Holiness caught last Sunday when he was celebrating.

At the time, Pope Benedict started shivering and coughing violently, but insisted upon finishing the service, and refused to be carried, but walked to his apartment.

Pope Benedict at the time considered the cough insignificant. His temperature rose on Monday, and his physician was summoned.

All audiences were suspended throughout the week. The Pope, although suffering from what was described by physicians as bronchial catarrh, remained cheerful.

Yesterday he asked to be allowed to answer what correspondence there was, but the request was refused by his doctors.

The whole nation has waited anxiously for every bulletin, and was cheered last night by the announcement saying there was no cause for alarm.

A diagnosis of influenza accompanied by bronchial catarrh, however, was made by Doctor Battistini and confirmed by Professor Marchia Fava, a throat specialist, and Doctor Bignami.

The turn for the worse came in the early hours of the morning. Pope Benedict sank rapidly. At his own request the last sacrament was administered while he was still conscious.

According to the Vatican, the last sacrament is to be administered only when the supreme pontiff is on the verge of losing consciousness, but this rule has often been changed, as nearly every Pope has expressed the desire to receive the holy water when

fully conscious of the solemnity and sanctity of the act. Pope Benedict has often told his relatives and the private chaplains that he preferred to receive the last communication while still strong enough to do honor to the Almighty.

As soon as the decision was reached to administer the last sacrament, an order was issued to all the four hundred churches of Rome. Almost simultaneously the bells of all these edifices began tolling to summon the people for the purpose of offering up prayer for the Pope. At the same moment when the final sacraments were administered, thousands of people in Rome were on their knees either in one of the churches or in private chapels. The ceremony itself was simple and effective. As soon as the Pope's private priest had finished confessing him, the doors were thrown open and the relatives assembled in the anti-chamber entered. At the same time word was sent to St. Peter's where all the cardinals and prelates strong enough to stand the ordeal had assembled. The sacrist of the vatican headed the procession, bearing the holy wafer, and escorted by a department of noble guards. The canons of St. Peter came next. Among the members were nearly all the admirals who are always at Rome. After them came the pionsignors, chaplains, apostolic protonotaries, the auditors of the rota, the signatura and their ecclesiastical dignitaries, the Pope's private chaplain residing at Rome, and practically all the various ecclesiastical connected with the Vatican administration.

A large delegation of old Roman nobility and Palatine Guards closed up the procession. From the St. Peter sacristy, where it was organized, the procession slowly wound up through the chapel prescribed with prayers and psalms. From the courts where the procession paused for a moment to allow the aged priests to catch up with the head of the procession, it resumed its march up.

On the threshold it was met by the presect of ceremony, together with the assistant minister of ceremonies. Only a few cardinals, entered the sick room. The remainder of the procession continued in the corridor, repeating the prayer of the dying. The Pope was then fully conscious. Owing to his weakened condition, only a small particle of the holy wafer was placed on his tongue.

While the ceremonies lasted, the various cardinals gathered at his bedside and recited in subdued and solemn tones.

After reading the profession of faith, Cardinal Giordani gave to the Pope the absolution in articulo mortis. The words of the formula were pronounced slowly, as though to impress everyone within hearing of the solemnity of the occasion.

Administer Oxygen
London, Jan. 20.—Oxygen has been administered to Pope Benedict XV, according to a central news agency dispatch this afternoon. The Pope's respiration was troublesome.

Cardinal Assumes Temporary Authority

Rome, Jan. 20, 4:50 p. m.—Cardinal Merry Dell Val who as Cardinal Camerlengo becomes a temporary custodian of the authority in case of the death of the Pope, took up a permanent residence in the Vatican this afternoon. The Cardinal Camerlengo will issue authority pending election of a new Pope.

ARRESTED FOR ANNOYING HIS DIVORCED WIFE

(By United Press)
Chicago, Jan. 20.—Edward Graham was to be arraigned here today on charges of annoying Miss Doris Eshelby, university of Chicago coed from St. Paul.

Miss Eshelby, medical student, stated she was married to Graham, but divorced him after he was sent to prison. She said he chased her to Chicago when his term expired, and followed her about the campus continually. At times, she said, he invaded the class rooms in pursuit of her.

LIVING COSTS ARE
STILL 70 PER CENT
HIGHER THAN 1914

(By United Press)
Washington, Jan. 20.—The cost of living is still approximately seventy per cent higher than in 1914, despite dropping off about seventeen per cent during the last eighteen months, scales for twenty-one respective cities made public today by the labor department revealed.

House furnishings are showing the greatest resistance to depression; the increase over 1914 still being from 109 to 150 per cent. Housing, clothing, fuel and light are dropping slowly.

FATTY ARBUCKLE CASE
WILL NOT BE DROPPED

(By United Press.)
San Francisco, Jan. 20.—The case of Roscoe Arbuckle must proceed.

That was the statement of District Attorney Mathew Brady today. During the past twenty-four hours rumors that the case would be dropped had been freely circulated in San Francisco owing to the failure of Zy Prevost and Alice Blake, show girls heralded as the states star witnesses to "remember" much of what they testified to before the grand jury and at the time of the first trial.

"We will proceed with the case and give it to the jury just as we would if it were the case of Bill Smith and not that of a rich actor with a battery of expensive attorneys and the motion picture interests behind him," said Mr. Brady.

State Wins Ruling
San Francisco, Jan. 20.—The state today won its first temporary victory in the trial of Roscoe Arbuckle charged with taking the life of Virginia Rappe.

Superior Judge Harold Louderback opened court with a ruling denying the defense plea that the entire testimony of Josephine Keza given at Arbuckle's first trial be read into the records. The state's victory was only temporary as the defense then demanded specific paragraphs of the testimony be entered. The jury was excused while the attorneys argued this request.

GEO. H. GARDNER IS
REELECTED SECRETARY
STATE TAX COMMISSION

(By United Press.)
Minneapolis, Jan. 20.—Voters of Minnesota within the year may decide whether they want a tax on incomes. A resolution favoring such a referendum was adopted yesterday by the Minnesota Tax Commission at its closing session. Officers for the coming year were elected.

Samuel Nelson of Wilmar, was elected president.

George H. Gardner of Brainerd, was elected secretary-treasurer.

PERSHING WARNS AGAINST
TOO LARGE REDUCTIONS

(By United Press.)
Washington, Jan. 20.—Warning against America allowing the Arms Conference and "pacifist talk" to sway the country to too large a reduction in its land forces was made today by General John J. Pershing.

At a hearing before the house military affairs committee Pershing declared: "If America is wise, she will keep an army of 150,000 trained fighting men and 14,000 officers."

NEW CHARGES OF
ILLEGAL HANGING

(By United Press.)
Washington, Jan. 20.—New charges of illegal hangings in the A. E. F. were made before the senate investigating committee today.

A story of two negroes being hanged without a fair trial on the word of an "ousted French woman" was told by L. C. Mason, of Davenport, Iowa, an ex-doughboy.

RAISING OF TAXES
TO PAY SOLDIER'S
BONUS CONSIDEREDPLANS WORKED OUT IN CONFER-
ENCES WITH PRESIDENT—
PROPOSE SPECIAL TAXES

(By United Press.)
Washington, Jan. 20.—Raising of one billion six hundred million dollars in extra taxes in a period of thirty months has been determined on by administration leaders as a means of paying the soldier bonus before the British debt bonds become available for that purpose.

Taxes on gasoline, bank taxes, automobiles, increased postage, and a sales tax on one hundred selected articles are to provide the money, according to present plans.

This plan has been worked out in recent conferences between President Harding and senate leaders. In the meantime, every effort is being centered on getting the foreign debt refunding bill through. Leaders realize that no matter how strong the demand for a bonus is, from some of the four million ex-service men, there are millions of others with whom it will prove exceedingly unpopular when they have taxes to pay like those indicated.

COAL MINERS
STRIKE LOOMSINVOLVED WILL BE QUESTION OF
WAGES, OPEN SHOP, WORK-
ING CONDITIONS, ETC.

(By United Press.)
Washington, Jan. 20.—One of the greatest industrial battles in the nation's history looms up in the threatened nation wide coal strike, scheduled for April 1, government officials today admitted.

Involved in it, in all probability, will be the question of wage reductions on the open shops, wage fixing by national agreements, working conditions, coal prices and other kindred problems.

The success or failure of the strike will have a marked effect on industrial conditions in the country within the next few years. That the strike will come now seems certain, according to Secretary of Commerce Hoover, and other officials.

WILLIAM DAVIDSON,
PROMINENT FINANCIER
DIES IN DULUTH

(By United Press)
Duluth, Jan. 20.—Plans for the funeral of William Davidson, prominent financier who died yesterday, will not be completed until his daughter, Martha May Davidson, now in a local hospital recovers from an operation.

The body will be placed in a vault at Forest Hill cemetery, and later will be taken to Hollywood, Cal., for burial. Davidson, who lived in Minneapolis until two years ago, moved to Hollywood and returned to Minnesota for a visit last fall.

He was interested in banks in Little Falls, Hibbing, Hutchinson and Waupeton.

Girl Found Drowned in
Y. W. C. A. Bath Tub
Believed to be Suicide

(By United Press)
Chicago, Jan. 20.—A coroner's inquest over the body of Miss "F" was held today.

The body of the girl was found drowned in a bath tub at the Y. W. C. A. and will probably be kept in the morgue for some time in an effort to discover her identity.

The only mark on the girl's affects was the initial "F" on a handkerchief. The body was discovered by a maid. It was believed the girl had committed suicide after futile attempts to obtain work. A dime was found in her sweater pocket.

Stockholm, Sweden, Jan. 20.—King Gustav of Sweden is ill with influenza. It was officially announced today.

The king had a slight attack, and was being administered to by royalty physicians.

TWO PROBLEMS IN-
CLUDED IN NATION-
AL REORGANIZATION

(By United Press)
Washington, Jan. 20.—Two far reaching problems are included in the re-organization plan being drafted under the direction of President Harding, it was learned today.

They are:
1. Creation of a government monopoly on sale of liquor for medicinal purposes, taking the entire sale of whiskey and light wines out of private hands and placing it exclusively in charge of Federal officers.

2. Organization of a bureau of national resources to monopolize all munitions and supplies in event of war, and keep check of potential war resources of the nation, in times of peace.

Plans for creating a government liquor monopoly developed out of President Harding's feeling that enforcement of the prohibition law is not effective enough.

Fake physicians are issuing hundreds of prescriptions for liquor every day.

THE AMERICAN LEGION
DEMANDS PROPER CARE
OF DISABLED VETERANS

(By United Press)
Indianapolis, Ind., Jan. 20.—Calling upon the government "for prompt, honest and efficient functioning of all agencies affecting the welfare of our disabled comrades," members of the American Legion meeting here today demanded "decentralization" of the Veterans bureau and settlement of all pending claims.

"The American people want these men given proper care," said the resolution they adopted. The American Legion intends to see that this is done.

SENATOR WALSH
WANTS SHANTUNG
RETURNED TO CHINA

(By United Press.)
Washington, Jan. 20.—A resolution calling on President Harding to inform the senate what progress is being made in the Arms Conference toward the return of Shantung to China was introduced in the senate today by Senator Walsh, of Montana.

The resolution brought a debate of the Shantung question to the surface. Senator Underwood, member of the American delegation, predicted that: "At a very early date a satisfactory settlement will be arrived at" in Shantung.

He explained that Shantung is not before the conference directly.

Hubert Work Will
Succeed Will H. Hays
as Postmaster General

(By United Press)
Washington, Jan. 20.—Dr. Hubert Work, of Colorado, now first assistant postmaster general will succeed Will H. Hays, postmaster general, it was learned today from a high administration source.

At the same time, Hays for the first time definitely announced that he would send in his resignation between now and March 4th, effective on that date. Shortly thereafter he will take up his duties as head of the motion picture industry of the country.

MRS. ALBEE LADD,
STATE CHAIRMAN
OF ORGANIZATIONSPEAKER AT THE AFTERNOON
GATHERING GAVE INSTRUCTIVE
ADDRESSSPOKE OF ARMS LIMITATION CON-
FERENCE WHICH SHE AT-
TENDED IN CAPITOL

With mild weather ushered in Brainerd Friday, there seemed every assurance that the League of Women Voters tea at the Chamber of Commerce rooms would be a decided success. All of the women voters of the city had been urged to come out and hear Mrs. Albee Ladd, State Chairwoman of the organization.

And Brainerd women who had striven hard to make the tea a success were not disappointed, for there was a large attendance present.

Miss Ruth Mitchell
Miss Ruth Mitchell, chairman of the sixth district, who had spoken at St. Cloud and Staples, was unable to be present. She had been called to her home at St. Cloud because of sickness in her family.

Miss Mitchell had been instrumental in the re-organization of the St. Cloud League shortly after she had returned from an eastern visit of over a year.

In her St. Cloud address Miss Mitchell said she had just become aware of the fact that people regarded the League as a temporary organization, and that many places had abandoned it entirely for the lack of new interest.

She mentioned the activeness of the Brainerd club, which meets once a month at luncheons. In Brainerd the women have formed a study club and the members have taken an active part in the discussion of the new Benidji charter. In Wadena and Elk River their clubs are attempting to work out their city problems. Miss Mitchell spoke of the great number of requests that came in to Washington, D. C. through the League. That showed what the work has done in the past year. In New York City, the women of the League have held meetings day after day in an effort to do away with unfair city politics and in re-organizing the school system. At Long Island their biggest problem is the welfare work for children. Miss Mitchell stated, that during her stay in the East she heard much comment on the Minnesota League and many other places had adopted plans formulated by our state organization. Miss Margaret Wells received much comment throughout the country on her unusual ability as an executive. Now that the League has proven its sincerity to the people, the next step, take is not to numerical growth of the society, but the problems that are constantly before the women. In closing Miss Mitchell said the new slogan of the League was, "to vote, but think before you vote."

Mrs. W. C. Cobb, as city chairman, presided at the afternoon meeting and gracefully introduced Mrs. Albee Ladd, of Minneapolis, state organizer, and one of the Twin Cities' most active workers in League work.

Mrs. Albee Ladd
Mrs. Ladd is a woman of delightful personality and very well informed. Her father was governor three terms of Rhode Island. She was first vice president of the league in fifth district and did such good work that she was asked to take up the work throughout the state.

Mrs. Ladd gave a most instructive and inspiring talk on the arms limitation conference held in Washington, which she attended. She stressed upon the gathering the influence of public opinion and the result of the work of the League in the past year.

Mrs. Ladd said the League of Women Voters was the foundation of political learning. Education is the basis of all things. Therefore, if the women work with other educational organizations, in time to come there will be far better school conditions than the country has ever known.

As an example of the weaknesses of the educational system, Mrs. Ladd told of the many teachers in the state who had not completed their high school education, of the large percentage of people in the state who can neither read nor write and the children who have never been in a school a day and a larger percentage who had been there but a few days a year. She urged that the League consider the conditions of the country so that a definite idea can be presented to congress.

Taking Up Bills
Mrs. Ladd told how the League worked on bills for the legislature. In Minneapolis representatives of the W. C. T. U., Y. W. C. A., League of Catholic Women, the Jewish Women, Business & Professional Women, College Alumni, League of Women Voters and others met and decided on which bills they wished to center interest. They agree on a number and then submitted them to their respective organizations for approval. The state committee was headed by Mrs. Andreas Ueland.

Washington Conference
Four women had representation on the conference for limitation of armament now in session in Washington. Minnesota was honored by the selection of Mrs. T. G. Winter of Minneapolis, who had been president of the Federation of Women's clubs. Mrs. Ladd spoke of the personnel of the Washington conference, told of Secretary of State Hughes, of the Chinese delegates of whom all spoke the most faultless English. She referred to the ten year naval holiday, the regulations regarding submarines, use of poisonous gas, etc.

The people of America who were most heartily in favor of this conference where the women who had husbands, sons or brothers in France, women who had lived through the war with all its tribulations.

She gave costs on carrying on the World War, and other data. The League favors a bill providing independent citizenship for a married woman. Thus if an American marries a foreigner, under the provisions of this bill she would not lose her American citizenship. If an American marries a foreign woman, it will be necessary for her to make separate application for American citizenship. The bill does not alter the status of people already married.

Speaking Tour
In her speaking tour Mrs. Ladd was at Elk River Monday, St. Cloud Tuesday, Wadena Wednesday, Staples Thursday, Brainerd and the range Friday. She speaks at Aitkin Saturday. On Monday she starts on a tour of the third congressional district.

Mrs. Mal D. Clark
Mrs. Mal D. Clark sang a pleasing group of songs, her accompaniment being played by Mrs. Walter F. Wieland.

At St. Francis Card Party
On Thursday evening Mrs. Ladd spoke by request at the St. Francis card party held in the dining room of the Ransford hotel and was most cordially received.

Noon Luncheon
Mrs. Ladd was entertained at luncheon Friday noon by Mrs. W. C. Cobb, Mrs. J. A. Thabes and Mrs. A. C. Weber.

Cuyuna Range Meeting
A delegation of Brainerd ladies will accompany her to Crosby Friday evening where Mrs. Ladd will speak at the Armory. Brainerd members of the Women Voters League will include Mrs. Rowley, Mrs. Linnemann, Mrs. W. H. Cleary, Mrs. Early, Mrs. Thabes, Mrs. Weber, Mrs. Cobb, the Misses Walsh and others.

At the armory meeting, besides the speakers, there will be a musical program presented by the various musical organizations of the range. It is expected to have the band in attendance. Mrs. P. A. Gough of Deerwood will sing a solo, the Philharmonic society will have two numbers, the Boys Glee club of the high school will sing. Every effort is being made to have a large attendance of the range at the armory.

So Did Lots of Others!
Voting was a new thing to one North side matron, who, when asked whether her husband had voted, replied: "Yes, he was away from the city, so he used the 'absent-minded' vote."

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints, relief comes at once. The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of Hydrochloric Acid Sours the Food and Forms Gases

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, burn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive

aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

MINNESOTA LEAGUE OF WOMEN VOTERS

Presents its First Tentative Program for Educational Legislation to Legislature

INTERIM COMMISSION HEARING

First Plank Declares for a Minimum School Term of Not Less Than Eight Months

The Minnesota League of Women Voters has presented its first tentative program for educational legislation to the Legislature Interim Commission on Education which held hearings at the capitol during the first week of January.

This program which has been prepared by the Education Committee of the League and approved by the State Board, if it meets with the approval of the women of the state generally will be made the goal of the League's Legislative Committee in its work for educational legislation in the 1923 session of the state legislature. The program as presented contains no direct mention of the problem of the quality of the teaching body of the state but it is continually before the mind of the Education Committee of the League and of the State Board that "equal educational opportunity for all the children of the state" means a high quality of ability in the average and not only in the exceptional teacher. It is the League's intention to foster in every possible way every movement to better the quality of the state's teachers by encouraging the entrance into the teaching profession of the finest young women of the state through the maintenance of fair salaries, good living conditions and reasonable hope of continuity in office.

The actual program as at the present moment contains six planks for which the League will work and endorses some provisions of the M. E. A. and also of the State Department of Education's Program.

The following are the planks as presented to the Commission to which others may be added or which may be amended before the next sitting of the Commission:

1. A minimum school term of not less than eight months.
 2. Raising the standards of school attendance by:
 - (a) Increasing from 40 to 60 the number of days attendance required per pupil per year in calculating state aid.
 - (b) Strengthening the provisions of the present school attendance laws.
 - (c) Providing more adequate machinery for enforcement.
 3. Provision for part time continuation schools.
 4. An effective program of physical education encouraged by state aid.
 5. Increased provision for teacher helpers in rural districts.
 6. Provision for county boards of education with power to appoint qualified superintendents.
- During the spring and summer conferences of the educational program will be held in various points in the state for the purpose of obtaining the reactions of local communities upon it.

St. Francis Guild Party

The card party given at the Ransford hotel dining room Thursday evening was for the benefit of St. Francis Guild of the Catholic church and was a remarkable success. There was a musical program and card playing, prizes being awarded. A delicious luncheon was served by the hostesses, Mrs. Ernest Butler, Mrs. E. J. Quinn, Mrs. Con O'Brien, Mrs. W. H. Cleary, Mrs. Ezra R. Smith, Mrs. Jay O'Brien and Mrs. H. P. Dunn. Two wonderful angel cakes were baked by Mrs. E. J. Quinn and were sold at \$6 each to Theodore H. Schaefer and William J. Garvey. Fully 200 people were present. Bridge and 500 were played.

TO THE CITIZENS OF CROW WING COUNTY

This committee has been requested by the Near East Relief to raise \$5,000 to be used in purchasing food for the orphans of the Near East.

At the present time the Near East Relief is furnishing food for 100,000 orphans who have been rendered destitute as a result of Turkish massacres and the deportation of their parents. Two hundred-thousand additional children are facing starvation because of a lack of funds. Thousands of children are literally knocking at the door of the various orphanages which are already filled to overflowing. Let us do our part in opening the door for these helpless children by contributing liberally to this noble and humane cause.

Do not wait until some one solicits your contribution. Fill out the card appearing below and send it with your check to the Treasurer of the Committee.

Monkey in a Muff.

A monkey was used by a clever woman thief to commit a series of thefts from jewelers' shops in Paris. The creature was so tiny that she carried it in a big muff. Then while its mistress was standing at such distance from the counter as disarmed suspicion, the monkey would thrust out a long, spider-like arm and snatch and conceal a ring or brooch. It was a shop detective, hidden in a gallery above and watching with the aid of reflecting mirrors, who at last detected the trick.

Fashion Knew No Mercy.

In the days when gull wings and breasts were in demand for women's hats and when the law afforded no protection to the feathered tribes, they were slaughtered by thousands all along the coast. Millinery agents from New York would conduct expeditions, accompanied by expert skimmers, to the breeding grounds of the seafoal and hire local gunmen to do the killing. One woman in a single season brought back 10,000 tern skins from Cobbs Island, Virginia. More than 500,000 tern skins were collected in one season in the sounds of North and South Carolina.

BROTHERHOOD OF BAPTISTS CHURCH

Organized Thursday Evening by the Men of the Church. Gathering in the "Lower Temple"

REV. SMITH NAMED CHAIRMAN

Axel Gustafson is Named Temporary Secretary, Committee on Constitution and Bylaws Named

At a called meeting of the men of the First Baptist church and congregation which was held Thursday evening at 8:30 o'clock a Baptist Brotherhood was organized. The men met in the "lower temple" and the meeting was called to order by F. G. Cutler who introduced W. R. Greenwood to state the purpose of the meeting.

After this was done the Rev. Arthur C. Smith was elected as temporary chairman and Axel Gustafson as temporary secretary. An interesting discussion ensued of plans and purposes together with a statement regarding constitution, and a motion was carried to organize what shall hereafter be known as The Brotherhood of the First Baptist Church of Brainerd, Minnesota.

A committee was named on constitution and laws composed of W. H. Greenwood chairman, Henry Graham, Frank Gallupe, Abner Swanson and Dr. Joseph Nicholson. The committee on refreshments served delicious coffee and doughnuts and a social half hour spent.

The next meeting is called for Thursday, Jan. 26 at 8:30 p. m. When all the men of the church and congregation are urged to be present and sign the charter.

Begging the Question.

Begging the question is assuming a proposition which in reality involves the conclusion. Thus, to say that parallel lines will never meet because they are parallel, is simply to assume as a fact the very thing that you propose to prove.

RULES FOR HIGHWAY ACT

The Secretary of Agriculture is considering a tentative draft of rules and regulations for the administration of the Federal highway act under which \$75,000,000 is made available for the construction of Federal aid roads. In formulating these rules, it is said, the department is considering the state highway officials who will have much to do with carrying out the purpose of the act, as represented by the executive committee of the American Association of State Highway Officials.

According to the announcement, each State Highway department is required to submit a tentative map showing routes proposed for primary and secondary systems of roads to be constructed under the act. Special attention will be given social and economic questions involved in considering these recommendations. Pending definite decision upon details of the Federal highway system, each project submitted by the states will be given close study by the Bureau of Public Roads to determine whether the proposals will fit in with the general system finally worked out.

If salaries are to be high enough to "put officials beyond temptation," remarks the Philadelphia Record, the taxpayer will have nothing left to live on.

FOREIGNERS OPPOSE TARIFF

The so-called "American Chamber of Commerce" in France recently issued the statement that there is a disposition to criticize French industrial interests for the failure "to act with the same energy as British manufacturers, who made a distinct impression with their arguments against the proposed (tariff) legislation in the United States." This chamber has asked the French Government to make known officially in Washington the sentiments of French manufacturers, and states that "there is even a strong suspicion that with the proper kind and amount of fighting the bill can be beaten."

Cuba is another country which is raising a large sum for propaganda purposes to beat the Fordney tariff bill. The question naturally arises, what purpose have these organizations in mind? And the only answer is, they want to retain the Democratic tariff so that they can dominate the American market. However, American legislators are drafting an American tariff law for the benefit of American producers.

DAVIS IS HUMAN

A few days ago a poor woman, a resident of Chicago for eleven years, returning from a visit in Poland, was admitted at Ellis Island with three of her children, but her three-months-old infant, born in Poland, was excluded by the over-zealous immigration authorities "because the immigration quota for Poland had been exceeded."

Some humane New Yorkers called the attention of Secretary Davis of the Labor Department to the matter and he at once issued orders to admit babies in all such cases, regardless of the condition of the quota. Mr. Davis declares that his department is "not in the business of separating mothers from their babies." There is no "red tape" in Mr. Davis' make up, and he is always a man of humane feelings as well as an alert and competent official.

PAN-AMERICAN CONFERENCE

The League of Women Voters, looking for other worlds to conquer, have undertaken the big job of knitting the Americas together. Secretary Hughes, it is announced, has already agreed to break a precedent by promising to speak at the Pan-American conference of women which the League is organizing. It will be held beginning April 23 in Baltimore, in connection with the League's annual convention. Invitations have been sent out by our

own State Department and enthusiastic replies promising participation are being received from all the Latin-American countries and from Canada and Cuba.

PREFERENCE TO VETS EXTENDED

The two houses of Congress this week adopted a joint resolution extending for eight years more the preference given to former service men in making entry on public lands. The period of two years specified in the original law for the preference to continue was about to expire. Under the law, former service men are permitted to make entry ninety days in advance of the opening of an allotment, and are granted a general choice in lands to be thrown open for settlement.

The monthly review of the United States Employment Service shows a gradual increase in employment in most of the basic or non-essential industries and an increase in unemployment in the agricultural districts of the Middle West, West and South. The developments of the month are accepted as favorable for the service, and improvement in industrial centers is predicted during the next sixty days.

The present calendar year will witness the closing of the "census period." This period began Jan. 1, 1920, and runs for two and a half years, which will bring its work to an end June 30th, this year.

The Lincoln Star defines a real diplomat as a man who can persuade his wife that she looks just as well in cotton stockings.

AMUSEMENTS

"The Outside Woman" With Wanda Hawley Is Delightful Comedy

A fire escape that is decidedly busy with the comings and goings of persons who are most anxious not to meet each other, starts a mirthful ball of fun rolling at the New Park Theatre where "The Outside Woman," the latest Wanda Hawley picture, is shown tonight only.

"The Outside Woman" is a clever domestic comedy, revolving around a giddy little wife whose love of selling things to the junk man get her into a peck of trouble involving the dwellers in the apartment above, a jealous wife of Spanish extraction and an artist with a penchant for living models. A most unattractive looking Aztec idol causes all the trouble, because, after said idol has been exchanged for a couple of shawls, the thing proves to be worth many thousands of dollars.

Wanda Hawley is as easy to look at as usual, and enacts the star role with all that dimpled mischievousness which has brought her such a big share of popularity. Big, good-looking Clyde Fillmore is convincing as the doctor husband, while Sidney Bracey makes a properly amusing third angle of a most unexpected triangle.

Douglas Bronston wrote the scenario from the successful stage farce "All Night Long," by Phillip Bartholomae, while Paul Perry was in charge of the photoplay.

Vaudeville at New Park Tomorrow

The first act on the vaudeville bill at the New Park Theatre for this week are Arita and Wiki Bird, two Hawaiians who display their art in a Honolulu singing, dancing and musical surprise. This act comes very highly recommended from all the leading vaudeville houses, and not only because of the exquisite and graceful dancing, or the soft mellow voices gently directed by John B. O'Brien.

Bantam Champ Sails for England

blending together in perfect harmony, but because of the beautiful Hawaiian music played on the steel guitars and ukeleles as only this race of people can. This is certainly an offering that everyone can enjoy as well as remember.

The second act on this bill are Larrie Clifford and girls who perform an act entitled, "Fun on the Golf Links." This will undoubtedly prove one of the biggest hits of the season, as practically everyone has some idea of what it is to play golf, and even those that haven't can not help but enjoy this funmaker, as it is one of the cleverest bits of comedy ever staged. This trio will also favor us with rarebits of comedy singing, talking and eccentric dancing.

In the third act we have Miss Janet Willard, in an act entitled, "The Junction Vamp," which is a happy combination of patter, song and imitations, so admirably arranged and presented as to give an audience ten minutes of most delightfully amusing and enjoyable entertainment. The last feature of the act is Miss Willard's "Vamp" song number which must be seen and heard in order to get its value as an artistic bit of characterization. Altogether this is one of the best single acts this theatre has ever shown, as it is snappy, full of pep and right up to the minute.

In the fourth and last act we have Williams and Perence in "Slips of Fun," which is really a treat for an audience to witness, they will drive your cares away and make you laugh at their mirth provoking antics. Of course there is a very charming miss in the act, and together they produce a most rare and amusing bill.

Redskins Attack Travelers in West

No more thrilling events ever happened in American history than the famous fights between bands of Indians and wagon trains of settlers westward bound across the great plains in the middle west of the last century.

The gradually narrowing circle of riding, shooting redskins, and the small group of prairie schooners, huddled together as bulwarks for the determined pioneers, defending their wives, children and worldly possessions, are known to the present generation only by picturesque reproductions in Wild West shows.

Accurate and blood-stirring moving pictures of just such a fight are to be seen at the New Park Theatre tomorrow when the second installment of "Winners of the West," the Universal continued feature, starring Art Acord, is to be shown.

At the Lyceum Tonight

"The Family Closet," which is showing at the Lyceum Theatre tonight only, is a lively and tensely-geared story of mystery, intrigue and romance, adapted to the screen from Will Payne's famous Saturday Evening Post story, "Black Sheep." It has been carefully and intelligently

William

The acting of Holmes Herbert as the man at whom political hatred aimed, is particularly noteworthy. Miss Alice Mann is beautiful and charming. Kempton Greene, Walter Ware, John Dillon, Byron Russell, Josephine Frost and others are well cast.

"Chang and the Law" a thrilling detective story taken from the official records of Wm. T. Flynn is on the same program, also a comedy with Harold Lloyd, Bebe Daniels and Snub Pollard.

At the Lyceum Saturday

One of the most mystifying stories ever screened has been used to bring Barbara Bedford before the public as a star. She is to make her debut in this capacity at the Lyceum Theatre Saturday in the Fox production "Cinderella of the Hills."

The tale is that of a girl of the Ozark Mountains, mistreated and misunderstood, who stands out against the rest of her little world in a fight for the right. An engineer comes to her father's home to sink oil wells, and becomes interested in the girl's case. He finally helps her to happiness; but not until he has solved several puzzling questions.

Miss Bedford plays the part of the girl, and the story is based on "The Little Fiddler of the Ozarks," a tale by John Breckenridge Ellis.

ASPHYXIATED BY HIS AUTOMOBILE

John Capistrant of St. Mathias Meets
Death in Unusual Manner on
Thursday Night

FOUND DEAD IN HIS GARAGE

Had Gone Out to Fix Battery, Started
Engine, Closed Door and Sat Be-
side His Car

Death came to John Capistrant, age
53 and single, in an unusual manner
when he was asphyxiated by his auto-
mobile in his garage in St. Mathias.

He had been visiting his sister,
Mrs. Virginia Mallette in Ripley
town, Morrison county, for two or
three weeks and came to his nephew
M. Magnan in St. Mathias.

He left the house in the evening
with the intention of repairing his
storage battery on the car. He made
the repairs, started the engine, and
closed the door. The garage was a
comfortable structure in which there
was a stove. Capistrant seated him-
self beside the car and started to work
on a checker board.

When his nephew noticed his ab-
sence and searched for him, he burst
open the door and freed the gas laden
air. Capistrant lay beside the car
while the engine was racing at a mad
speed.

The funeral will probably be held
Saturday afternoon at St. Mathias. He
leaves two sister, Melia Magnan and
Virginia Mallette.

BUSH LOOMED WELL IN AMERICAN LEAGUE

Joe Bullet Was Effective Despite the
Lively Ball, Says Irwin M. Howe
of Chicago

PLAYED 36 GAMES. WON 16

Most of the Pitchers of American Leag-
ue Found it Difficult to Cope
With Great Sluggers

American League pitching honors
for the season as compiled by Irwin
M. Howe of Chicago went to Urban
C. Faber, the White Sox veteran, who
allowed but 2.48 earned runs for each
nine innings. Faber worked 331 in-
nings before he was laid out with an
injury and fewer runs were scored by
opponents against Chicago when he
pitched than were earned off the sec-
ond best regular, George Mogridge,
of Washington, who had a sparkling
season. The Chicago star was cred-
ited with twenty-five victories and
charged with fifteen defeats, a win-
ning average of .625 though his team
finished in seventh place.

Carl Mays and Walter Hoyt, co-
stars of the champion Yankees, were
third and fourth, respectively, among
the regulars with averages of 3.08
and 3.10. Mays led in percentage of
games won with an average of .750,
his record reading 27-9. Urban
Shocker of St. Louis Browns, won
nine straight games in August and
finished the season with a record of
27-12 for an average of .692. Davis
of the same team pitched and won a
nineteen inning contest from Wash-
ington in which only one man reached
first base in the last nine rounds.
Sam Jones and Joe Bush of Boston,
Edwin Rommel, Philadelphia and S.
Coveleskie of Cleveland all were ef-
fective despite the lively ball while
two young southpaws, Cole of Det-
roit and Bayne of St. Louis were al-
most unbeatable during the final
month of the season.

Most of the pitchers found it very
difficult to cope with the great slug-
gers of the league and the hurling,
as a whole, was far less effective
than in any previous year. As a re-
sult shut out victories and games of
few hits were conspicuous by their
rarity and strike out records of for-
mer years were not approached by
the most successful of the twirlers.

In individual pitching Bush had
this record, games 36, I. P. 254; at bat
940; Hits 244, Runs 111; Earned
Runs 99; average E. R. per game
3.51; S. H. 27; S. B. 15; bases on
balls 93; struck out 96; H. B. 6;
wild pitches 7; B. O. extra inning
games 1; shut outs 3; one game of
one hit; 2 games of four hits.

In won and lost record, Bush with
36 games played, won 16, lost 9, per-
centage .640; taken out 11 times; finished 4.
In individual batting Bush stood
G. 51; A. B. 120; R. 19; H. 39; T. B.
52; 2 b. 5; 3 b. 4; S. H. 3; S. B. 2.
RRF. 14; BB. 3; SO. 14; Pct. .325.

In club fielding Boston stood first
again the season of 1921. Bush's
record as pitcher was games 36, put-
outs 13, assist 64, errors 1, pct. .987.

HOSPITAL BLDGS. ARE TO BE SOLD

Hospital, Surgeon's Residence, 3 Oth-
er Frame Buildings, Laboratory,
Etc. Of

N. P. BENEFICIAL ASSOCIATION

Also 50,000 Gallon Water Tank, 36
Building Lots, Electrical Equip-
ment Enumerated

The Northern Pacific railway hos-
pital buildings will soon be but a
memory in Brainerd. The Northern
Pacific Beneficial Association will on
February 1 receive bids for the prop-
erty and further particulars may be
ascertained by applying to H. B.
Smith, in care of the Northern Pac-
ific railway building, St. Paul.

Here is the property to be offered
for sale:

One two-story frame building,
known as the hospital, having a capa-
city of approximately 100 beds. The
building is to be removed from the
premises. The grounds are to be
cleared of all refuse and the basement
filled to grade. Plaster and similar
rubbish may be left in the basement.
There is also included several hun-
dred feet of radiation, steam traps,
piping, sinks, electric meters, double
oven steel range, Blakeslee dish wash-
ed with motor, bake oven, storm win-
dows, screen, etc.

One frame building of nine rooms,
of modern construction, known as the
surgeon's residence. The building
can be removed from the premises, or
can remain on its present site at the
option of the purchaser and a ten
year lease of ground will be given by
the owner. This includes a heating
plant and radiation, bathroom fix-
tures, storm doors, storm windows
and screens.

One frame building of thirteen
rooms, modern, known as the nurses'
home. The building can be removed
from the premises, or it can remain
on its present site at the option of
the purchaser. A ten year lease of
the ground will be given by the own-
er. This includes radiation, bath-
room fixtures, piping, storm windows,
screen, etc.

One frame building, about 18 by
36 feet, known as a laundry. This
includes one Troy Laundry Machin-
ery company mangle, one extractor,
one Westinghouse 10 horsepower en-
gine, about 24 feet of steel shaft with
pulleys and belting. The building is
to be removed from the premises.

One brick building about 16 by 20
feet known as the laboratory. This
building is to be removed from the
premises.

One brick building about 20 by 36
feet, known as the boiler room. This
building can be removed from the
premises or it can remain on pre-
sent site at the option of the purchas-
er and a ten year lease will be given
by the owner. This includes one
Blake duplex pump, one Knowles
boiler free pump, one deep well pump,
motor driven, complete; 100 feet of
six inch pipe in well in eight inch
casing; one 7 1/2 horsepower motor
with starting box; 1 three hundred
gallon condensation receiving steel
tank; two 40 horsepower steam boil-
ers, 48 inch diameter, 14 feet long.
The equipment and machinery are to
be removed from the building.

One frame building, used as a gar-
age, of three car capacity, to be re-
moved from the premises.

One 50,000 gallon water tank, con-
structed on a four post steel tower
110 feet high. This is to be remov-
ed from the premises.

Two 10 kilowatt transformers; 1
7 and 1/2 kilowatt transformer; 2 five
kilowatt transformers; 20 forty foot
poles with cross arms and insulators;
4 fire hydrants with 2 and 1/2 inch
hose connections; about 6,800 feet of
No. 6 transmission wire.

About 600 feet of eight, six and
four inch cast iron water mains.
About 300 feet of fire line hose.

There are 36 lots adjoining these
buildings owned by the Northern Pac-
ific railway company, which can be
acquired under reasonable terms for
building purposes.

The terms are buildings and equip-
ment to be removed from the prem-
ises, cash.

Buildings remaining on the prem-
ises under a ground lease 50 per cent
cash, balance in monthly or annual
payments with interest at 7 per cent
per annum on deferred payments.
Buildings to be sold as they stand at
time of purchasing. The owner re-
serves the right to reject any or all
bids.

Pin Oak Will Droop.

The pin oak in the fall has brilliant
foliage and is especially desirable
where a trunkless tree is wanted; that
is, where it is desired to have the
foliage extend from the ground to the
top of the tree. The tendency of the
limbs of the pin oak is to droop.—

STEPHENSON HIT 660 MONDAY

Kelsven and Sessor Rolled 1276 in
Merry-Go-Round Last
Week

Two Little Falls bowling teams ar-
rived in the city last Friday night for
a match game with local pin men.
The first team won the first game by
39 pins and lost the next two by one
pin each. The team scores were as
follows:

Little Falls	847	820	850	2517
Brainerd	808	821	851	2480

The second Little Falls club was not
as fortunate, losing all three games.
The scores were:

Monday's League Scores

Stephenson was the star of Monday
evening's league match games, piling
up a total of 660 pins in the three
games. This is the high score of the
season up to date.

The Alderman-Maghan club took
two out of three games from the Cos-
mos; the N. P.'s won two from Smr-
aker's All Stars, and Sessor cleaned the
Dispatch for two games.

For lack of space we can only pub-
lish the team scores this week. They
are as follows:

Alderman-Maghan	976	891	881	2748
Cosmo	861	835	946	2642
N. P.	889	879	795	2563
Smraker	876	857	852	2585
Dispatch	953	890	911	2754
Sessor	873	893	912	2678

Standing of City League

	W	L	Pct.
Alderman-Maghan	18	15	.545
Dispatch	17	16	.515
Sessor	17	16	.515
Smraker	16	17	.484
N. P.	16	17	.484
Cosmo	15	18	.454

Merry-Go-Round Record

Another record was broken last
week when Kelsven and Sessor hit the
head pin for a total of 1276 in the
merry-go-round, winning first place.
This is the highest score ever made in
a local merry-go-round.

Clean Your Shoes.
Always clean your shoes well before putting them away. Wipe off every particle of dust and dirt and shine them with a good blacking if necessary. If you value the length of life and good shape of your footwear, by all means use shoe trees. They may be purchased at any department store for a small sum. They are especially valuable for keeping low shoes in shape.

Cleaning Paper.
Grease or finger marks on books or papers may be removed by the following process: Make a thick paste by thoroughly grinding up a spoonful of magnesium carbonate with a sufficient quantity of benzol in a cup or mortar, and apply a small quantity of this paste to the finger-marks, rubbing it in lightly with the tip of the finger. The benzol will evaporate in a few moments, when the paper should be brushed with a clean, soft brush. If the first application is not sufficient, repeat the operation. Experiment on a piece of waste paper before working on anything you value.

There Is Beauty.
Wherever snow falls or water flows or birds fly, wherever day and night meet in twilight, wherever the blue heaven is hung by clouds or sown with stars, wherever are outlets into celestial space, wherever is . . . awe, and love—there is Beauty, plenteous as rain, shed for thee, and though thou shouldst walk the world over, thou shalt not be able to find a condition inopportune or ignoble.—Emerson.

To All Persons Interested.
Notice Is Hereby Given, that the Cuyuna Minneapolis Iron Company, a corporation, has made its application to the District Court of the State of Minnesota, in and for Crow Wing County, Fifteenth Judicial District, stating that owners duplicate of certificate of title No. 6338 is lost, the said certificate covering an undivided one half of Northwest Quarter and West Half of Southwest Quarter of Section 25, Township 44, Range 31, in said Crow Wing County; and praying for an order of Court directing the issuance of a new owners duplicate in lieu of such lost duplicate. That a hearing will be had on said application before Honorable W. S. McClenahan, one of the Judges of said Court, at chambers in the Court House in the City of Brainerd, said county and state on the 10th day of February 1922 at Ten o'clock in the forenoon; at which time and place you are notified to appear and show cause, if any you have, why the prayer of said application be not granted. Dated January 19th, 1922.
